

THE SE MODEL

A Stewardship Economy (SE) is an economy that recognizes and practices a philosophy of stewardship – the careful place-based investment in and conservation of human and natural resources – to ensure the long-term sustainability of life, human communities, and the natural world we inhabit.

REFLECT ON THE S.E.

1. Where have you observed the Stewardship Economy in action in your life, and what benefits or challenges have you encountered as a result?

2. What do you believe your role is within the Stewardship Economy?

We'd love to hear from you! Feel free to share your reflections with our Communications Manager, Avery Stanton, at astanton@wallowaresources.org.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
